Career Advice Australia (CAA) will support you to gain skills, relevant work experience and access professional career guidance to help you connect to your future. CAA will help you to identify your potential, understand study, training and work options available to you and implement clear plans for your future. Whether you know what you want to do or don't know where to start, the range of programmes and services that CAA provides will help you to explore your options and make the decisions that are right for you.

Job Guide 2006 describes over 500 occupations and education and training requirements. It also includes information on how you can plan your career and explore pathways and provides practical advice on finding a job.

www.jobguide.dest.gov.au

myfuture is an online career service designed to help you to explore and plan your career. **myfuture** has a personal career exploration and decision making tool and provides information about occupations, scholarships, study and training options. www.myfuture.edu.au

Year 12 - what next? is an online guide with tips and ideas about exploring different career pathways and further education and training options. www.year12whatnext.gov.au

Youth Pathways helps young people get through school and make the transition from school to further education, training or work. www.youthpathways.dest.gov.au

Getting A Job provides practical information for when you are finishing school and looking for your first job.
